

Good News for the Nations (GNN)

Susamachar Seva Mandali / Susamachar Theological College and Seminary Campus Development in India

The land for the future GNN campus

“Each man should give what he has decided in his heart to give, not reluctantly or under compulsion, for God loves a cheerful giver” (2 Cor. 9:7)

Our Mission: “Training Leaders and Organizing churches”

Founders

(Dr. Samuel & Susan Mathai)

Good News for the Nations (GNN) is a registered organization with a mission to train leaders and to organize indigenous house churches since 1995. GNN is ministering in India under the name Susamachar Seva Mandali (SSM). A council of members oversees the ministry.

SSM undertakes several projects to extend the Kingdom of God, such as:

1. Susamachar Theological College and Seminary (STCS)

STCS is a bible-centered seminary, in the heart of India, Bhopal, M.P, with the motto: “Academic Excellence and Spiritual Vibrancy”. The training programs are designed to accommodate both lay ministers and full-time workers. The medium of instruction is in English. STCS is *accredited with* Asia Theological Association (ATA) and is an affiliated member of AICCS.

STCS offers the following degree programs:

Course	Qualification	Duration
M. Div.	Bachelor's Degree	3 years
B. Th.	12 th passed	3 years

2. Regional Training Centers

We have regional training centers in several states of India: Orissa, Karnataka, Chattisgarh and Jharkand. In these centers, we offer two-year diplomas in Christian ministry to prospective workers (one year of academic training and another year in practical ministry).

3. Church Ministry

In the past few years God enabled us to plant approximately one hundred house churches throughout South Asia. We are praying, with expectation, for a great revival and transformation of all our communities in our generation. We want to see God raise up faithful laborers to work in His vineyard and establish Christ-centered and Holy Spirit-filled churches. Please pray and join with us to see the fulfillment of the mighty move of God among the nations.

4. Children's Ministry

We work with several children's programs throughout India serving the developmental needs of children. Through these programs we meet educational, physical, social and spiritual needs of the poor, and underprivileged children.

WE NEED YOUR HELP!!!

As a result of our growth, our infrastructure is not able to support our current needs. We need additional space and facilities to support our needs today, as well as for continued growth. For the new facility to function as an efficient center, we need to continue expansion away from the city. Three years ago God provided us with 27 acres of land - 8 miles from the present campus. We thank those of you who were able to help with the purchase of this land. We are now asking God to provide the financial resources to develop a campus. Our desire is to build a campus for STCS, various student training projects, and children's home.

The GNN family requests all our supporters to prayerfully consider joining with us in the development of this campus. We pray that you will become a channel of blessing for the nation of India and through this ministry.

Please give generously towards the first phase of this building project. (Shown below is the architectural plan for the new Campus).
